

Foundations of Math 10 LG 20

FINAL COURSE REVIEW

EVALUATION:

In this learning guide, you will be preparing to write the course final exam. The Final Exam is worth 20% of your school mark (it counts for LG 20) unless you do better than your course average in which case it will count for 80% of your mark.

RESOURCES NEEDED:

Mathematics 10 Text
Assessment quizzes
sd42onlinemath.yolasite.com

LEARNING ACTIVITIES:

LG 20 Final Exam information

The course final exam will consist of:

Part A: 40 multiple choice questions worth 1 mark each.

Part B: 9 written questions worth a total of 25 marks.

The multiple choice questions are similar to the online multiple choice questions on the practice final exams.

The written questions were made up from questions exactly like the ones you did on your assessment quizzes.

In order to review for the Final Exam, you should do the following:

1. Review your Math Journal entries for Learning Guides 1-18.

2. Review your assessment quizzes.

3. Go to the Foundations of Math 10 Review and Practice Quizzes section (LG 20) online at sd42onlinemath.yolasite.com and complete the practice quizzes (or click on the links directly below).

Practice Final Exams

[Click here to be taken to the Review/Practice Tests page and scroll down to LG 20.](#)

3. If you need additional questions to help you prepare for the Final Exam, your textbook is full of review questions and practice tests so if you would like more questions to practice, go to the section you need to focus on and complete any of those questions. Remember to check your answers with those in the back of the text!
